

DevOps Institute Exam Voucher Redemption Instructions

To Redeem your DevOps Institute Exam Voucher:

- Navigate to <https://www.webassessor.com/devopsinstitute>
- Create a new account or log into your existing account.
- Click on "Register for an Exam".
- Select the exam you would like to register for from the exam catalog.
- **Disregard the exam list price mentioned in the exam catalog and use the provided exam voucher number(s) on the payment page.**
- Once you have redeemed the voucher to register for your web-based exam, you may launch your exam from your Webassessor account under 'My Assessments' at any day or time when you are ready to begin. A pre-scheduled date, time or exam extension is not required.

Note: If your web-based exam is being proctored by an Education Partner, please DO NOT launch the exam before you are instructed to do so by the Proctor as the exam cannot be paused, cancelled, or re-started once launched. If the web-based exam session is terminated, there will be additional fees to re-register for the exam.

Special Notes:

- This is a unique and single-use voucher code. Please do not distribute or share this unique voucher code with others.
- Please confirm and note the expiry date of the exam voucher. The voucher must be used by this expiry date to register for the exam.
- **The voucher must be used before the expiry date, however once you have used it to register for the exam, the exam may be launched from your Webassessor account at any time. A pre-scheduled date, time or exam extension is not required.**

Cancellation Policy

Please review any exam cancellation policies with the DevOps Institute Education Partner who has provided the exam voucher.
